Thank You Lily B of LP Bahrain

On behalf of the Gibraltar Health Authority, I would like to formally acknowledge and thank you for your donation of £2,000 to St Bernard's Hospital.

We are grateful to you for choosing to support our neurology and stroke services in memory of your late mother, Mrs Lily Bendahan. It is clear from your work that her legacy continues through meaningful contributions, and we are honoured that you have included us at the GHA among those you support.

I will ensure that your donation is applied to either the neurology department or, specifically, stroke services.

Thank you again for your support.

Yours sincerely,

**Kevin McGee
Director General**
